

Remarks

Applicants' undersigned representative submitted a Sequence Listing Under 37 CFR §§1.821-1.825 in computer readable format on June 27, 2002 in the subject application in order to comply with a Notice to File Missing Parts of Nonprovisional Application. Applicants subsequently received a Notice to Comply With Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures dated July 29, 2002 and a CRF Problem Report indicating that the Sequence Listing submitted June 27, 2002 was damaged. Upon review of the Sequence Listing to submit in reply to the Notice to Comply, an inadvertent error was found in SEQ ID NOs. 55-68, which correspond to nucleotide sequences shown in Figure 10A-B. Specifically, a portion of each of the sequences shown in the Figure was inadvertently omitted from the Sequence Listing. The Sequence Listing submitted herewith is corrected to contain the complete sequence for all sequences disclosed in the subject application and replaces the Sequence Listing filed on June 27, 2002.

This amendment is also made to conform the application with the provisions of 37 CFR §§1.821 through 1.825. I hereby certify that no new material is being added by this submission.

The Commissioner is hereby authorized to charge any fees under 37 CFR 1.16 or 1.17 as required by this paper to Deposit Account No. 19-0065.

Respectfully submitted,
